Lynn-

Thanks and will John be with us next week. Maybe he could share some, even if it is not final. I can't help but think that there is info in the report that will influence the GW workplan in some way.

Dave

Dave – no it will not. That is why we are having the call, in part, to get information from the USGS. It is not clear when we will have a report, even draft, in hand. It is possible we may have to meet somewhere to look at a draft together. Our thinking on this is in progress and I'd be happy to talk if you want to give me a call.

Subject: Accepted: West Lake Landfill Call with USGS Call 866-299-3188 Code 913 551 7883
When: Tuesday, September 23, 2014 1:00 PM-3:00 PM (UTC-06:00) Central Time (US & Canada).
Where: R7-RO1.4-J20-Controlled-76/R7-RO

Lynn-

Will the USGS report be available a few days before the call on the 23rd to prepare for the call. I suspect there will be a lot of info contained in the analysis.

Thanks-Dave
